“The **Golden Triangle** is one of the city’s most well-designed **showrooms**; it’s a fantastic place to stroll through when you’re in search of something **special**.”

### heavy metal

A metal fabricator for leading designers for over 20 years, Christopher Gentner has now released his own furniture line on exclusive display at his eponymous River North showroom. The 25-piece collection features an impressive repertoire of creative furnishings and accessories that merge metal with wood, glass and leather. “First and foremost, I’m an artist,” Gentner says, “and the collection is an organic extension of my background as a sculptor.” [gentnerdesign.com](http://gentnerdesign.com)

### COVER STORY

The upholstery and wallcovering experts at Romo have recently expanded the United Kingdom-based company’s stateside presence with the opening of its new showroom in The Merchandise Mart—continuing to inspire great design with its signature fabrics. Ortega, the brand’s latest endeavor, evokes an exotic journey to Morocco, India and South America through six striking patterns inspired by the vibrant textiles found throughout these foreign destinations. ### ICONIC DESIGN >

Garnering inspiration from legendary design icons the likes of Halston and Milo Baughman, Mitchell Gold + Bob Williams has unveiled a fall collection spotlighting an extensive selection of fully upholstered seating that champions the sophistication of Hollywood’s Golden Age. The featured Armand lounge chair is bestowed with a shallow cushioned seat and a sinuous steel base that creates an elegant silhouette infused with a retro flair. [mgbwhome.com](http://mgbwhome.com)
